EDUCATION

Cornell University, College of Engineering

Bachelor of Science, Engineering Physics

Current Cumulative GPA: **3.39**

Minor: Mechanical Engineering (intended)

Ithaca, NY

Anticipated Graduation: May 2028

Relevant Course Work:

Completed:

- Physics I: Mechanics & Heat, Physics II: Electromagnetism, Physics III: Oscillations, Waves, and Quantum Physics
- Calculus for Engineers, Multivariable Calculus for Engineers, Differential Equations for Engineers, Linear Algebra for Engineers
- Introductory Mathematical Physics, Statics and Mechanics of Solids, Dynamics

Currently Enrolled: (Fall 2026):

- Mechanics of Particles and Solid Bodies, Intermediate Mathematical Physics, Introductory Quantum Mechanics, Thermodynamics

Anticipated (Spring 2026):

- Intermediate Electromagnetism, Electronic Circuits, Intermediate Quantum Mechanics

WORK EXPERIENCE

Independent Sellers – Online Business (eBay Trading Cards) | Ithaca NY

07/2025 – Present

- Operating a small e-commerce business with \$2500+ in sales, managing online listings
- Optimized listings to maximize visibility and buyer engagement
- Handled inventory management, shipping, logistics, and customer service with 100% positive feedback.

Camp Counselor – New Castle Parks Department | Chappaqua, NY

06/2025 – 08/2025

- Built communication and leadership skills by mentoring students in daily programs for grades 5-8
- Provided constructive feedback on board game mechanics and design

Board Game Tester/Designer – Dr Finn's Games | Chappaqua, NY

2015, 2021-2025

- Developed the original concept for a board game later published commercially through Dr. Finns Games
- Promoted teamwork, inclusion, and safety in a fast-paced outdoor environment

Lifeguard – Birchwood Swim & Tennis | Chappaqua, NY

Summer 2022, 2023, 2024

- Supervised pool faculties ensuring safety, enforcing regulations and responding to hazards
- Dishwasher/Cashier: Dishwasher and cashier at on-site grill

EXTRACURRICULAR ACTIVITIES

Cornell University Varsity Track and Field - NCAA Division 1 Athlete | Ithaca, NY

08/2024 – Present

- Ivy League Track and Field Conference Championship Medalist
- Balanced Ivy League academics, leadership in multiple student organizations, and Division I athletics through disciplined time management and prioritization.

Big Red Leaders 2 Leaders (BRL2L) – Ithaca, NY

8/2024 – Present

- Selected for Leaders2Leaders program within Cornell Athletics, focusing on leadership, mentorship, and team development.

Run Your City – Volunteer | Ithaca, NY

3/2026 – Present

- Worked with the Ithaca Chapter of the national Run Your City initiative, assisting with its mission to promote youth engagement within athletics.

TECHNICAL PROJECTS

Sprint training Decision & Logging Tool | Python, [GitHub](#)

In progress

- Built a Python based sprint training decision and logging tool that recommends workouts from a progressions-based schedule, modifies sessions based on soreness status, and records completed workouts in a CSV log.

Nutcracker Design Project - Statics & Mechanical Design | [GitHub](#)

03/2026

- Designed a functional nutcracker applying statics, moment equilibrium and mechanical advantage principles
- Documented design process, calculations, and final project materials in a GitHub repository

SKILLS & INTERESTS

Programming: Python (basic proficiency)

Design: Adobe Lightroom, Photoshop

Languages: English (Fluent), Spanish (Professional working proficiency)

Interests: Photography, Board Games, Music, Athletics, Community Engagement
